Additional Information:

██████████ stated that several police officers entered her apartment without a warrant or premission. An unidentified officer took her outside into the backyard of the apartment building and told her that she was harboring a fugitive. ██████████ however, stated that she had no knowledge of an active arrest warrant for ██████████. She was then taken back into her apartment while several other officers searched it. During the search, the officers took \$2600 from a safe without providing her a receipt or inventorying it. Upon inquiry, ██████████ stated that she did not observe the officers strike the victim, ██████████, about the face. She stated, however, that while ██████████ was in the hallway, she heard an unidentified officer strike him and ██████████ immediately questioned the officer as to why they did so. ██████████ indicated that no one was arrested as a result of this incident.
